### Full-Stack Software Developer

Professional dancer and yoga instructor turned web developer, I incorporate my same passion for growth, precision to detail, and problem solving skills into my code. Eager to contribute to an organization seeking an individual abundant in creativity and collaboration skills.

### Skills

**Technical:** Ruby, Rails, JavaScript, Vue.js, HTML, CSS, PostgreSQL, Git, Testing, Pair-Programming, Object-Oriented Programming, Apis, Bootstrap

### Education

#### Actualize Coding Bootcamp

##### Certificate in Full Stack Web Development | November, 2020 - March, 2021

- **Elance:** Personally built an app where freelance dancers can find work in their area and employers can hire dancers. Employers range from freelance choreographers, companies, and event coordinators. Built on a Ruby-on-Rails back end and Vue.js front end.
- **Bootcamp:** Learned fundamentals and best practices in full-stack web development in areas of project architecture, backend, frontend, and how to effectively self-teach new technologies
  - Generated technical requirements and determined the most effective solutions, created wireframes, designed schema, and researched outside resources
  - Built and tested the backend, incorporating external APIs
  - Created pages and RESTful routes, made web requests to retrieve data, formatted and styled results, incorporated libraries and themes

#### University of Missouri - Kansas City
